

An exciting week with many impressions

The time until the arrival of the Spanish students seemed very long, but suddenly the moment arrived. I was really nervous! When I met Cristina for the first time, I forgot all I wanted to say. For some minutes I didn't know about which topics we could talk. But she was excited, too. So it was easier for me to calm down. Then we talked a lot and got to know each other better. In the evening we met the whole group the first time. It was great to talk to the other Spanish students, too. My Mum and I managed the first day well and we were both happy, that Cristina liked her birthday in Germany! I think the best day of the programme was Wednesday, when the group went to Potsdam. On this day the weather was great and we had a lot of fun while walking through the park of the Palace Sanssouci. The guided tour in the "New Palais" was also interesting. Of course, I liked Sunday, too. We were in the Tropical Islands and Cristina and I really enjoyed the time! It was odd to talk the whole time in English. But then, after some days, it got easier and I had no problems. I am very glad, that I can do this project. I learned a lot about the Spanish culture and the week was full of experiences and impressions.

It was a sad farewell, but I am happy to meet all the people again in March!
